Lab grown beauty.

LAB GROWN diamonds are created using sophisticated technology to mimic the way that natural diamonds are formed underground. This produces a diamond which is identical chemically, physically & optically to a mined diamond, with the same hardness & sparkle we all love!

We reserve the right to correct any printing errors. Colours may vary due to the printing process. We are unable to accept responsibility for any items in this catalogue that may be unavailable due to circumstances beyond our control. Items shown in this catalogue have been enlarged to show details more clearly. Please note that not all items are necessarily available in every store. Carat weights are an approximate average and may vary slightly. White Gold has been rhodium plated to enhance its appearance. The plating finish is not permanent and may need to be reapplied to maintain original finish. Ring re-sizing may incur additional charges. Some items may become unavailable during the campaign period due to the limited nature of some stones. Prices are subject to change. Special orders may incur price adjustments. Campaign runs until 31/12/2024.
